

List of SERI-funded EIC Accelerator Grants

Information as of 28 March 2022

Acronym	Full title	Institution	Direct funding by SERI (CHF)
OXYPREM	Preventing death and disabilities for preterm children	OxyPrem AG	2'205'005
Rapid-C	Automatic and real-time bio-contamination monitoring for the pharma industry, life sciences and beyond	Plair SA	2'727'653
SOFT ECoG	Soft & High-Resolution Neural Interfaces for Epilepsy Surgery Monitoring	Neurosoft Bioelectronics SA	2'557'071
NanoDrip	Revolutionary NanoDrip printing technology for semiconductor industrial scale manufacturing enabling the next generation of high-end devices	Scrona AG	2'659'254
VALORISE	High-Value Chemicals from Biomass through Lignin Stabilisation & Extraction	Bloom Biorenewables SA	2'734'975
Deasyl	Unlocking the world's transition towards the production of sustainable 2nd generation Biodiesel	Deasyl SA	2'648'030
THEIA	Translucency & High Efficiency in Agrivoltaics	Insolight SA	2'734'360
Perovskite-QDD	The most cost-efficient quantum dot material technology for stunning colors and energy efficiency in QLED televisions	Avantama AG	2'059'026

Acronym	Full title	Institution	Direct funding by SERI (CHF)
Miraex	Photonic Sensing Solutions For Extreme Environments	Miraex SA	2'734'360
Oxara	An admixture technology as materials solution for sustainable and affordable housing	OXARA AG	1'868'172
SmartGUIDE	A breakthrough smart guidewire device for a fast and reliable stroke treatment that will save lives	Artiria Medical SA	2'698'482
LMtrace	Revolutionizing drug discovery for neurological diseases by combining human and artificial intelligence	Ariadne.ai AG	2'203'947
Piomic	Kickstarting chronic wound healing	Piomic Medical AG	2'734'975
NAGI	“Worm-on-chip”: in vivo testing at the in vitro scale	Nagi Bioscience SA	2'718'219
CycloPlast	The first PET plastic depolymerisation recycling technology to recover 99% of PET materials for the first truly circular plastics economy	DePoly SA	2'716'049
Coacillium	The world first broad-spectrum drug for treating Alopecia associated to autoimmune conditions	Legacy Healthcare (Switzerland) SA	2'692'854
ProRange	Energy-conscious autonomous driving software	embotechAG	564'585
SaneMembrane	Non-harmful membranes enabling a sustainable circular economy	dimpora AG	1'852'125

Acronym	Full title	Institution	Direct funding by SERI (CHF)
KOVE	Saving babies before they are born	KOVE medical AG	2'106'888
INFERREO	Integrated Ferroelectric Electro-Optical Chips	Lumiphase AG	2'734'975
PROTEUSQ	Nanometric Quantum Metrology: Enabling the future of computing	Qnami AG	2'734'975
ATCC	Ecofriendly, cost-competitive and energy self-sustaining temperature-controlled container for the air transport of temperature-sensitive pharma products	Swiss Airtainer SA	2'734'975
CuTrace	Novel, broadly available PET tracers for personalised cancer diagnostics	Nuclidium AG	2'409'376
cPET	Turning unrecyclable plastic waste PET into 100% virgin material for a full circular economy	gr3n SA	2'465'567
