Guidelines for registration and login to the online portal
Register on the online portal

Registration and login to the online portal are carried out via the "eIAM CH-Login" page.

**Important:** The user must complete the registration and login up to the last step.

**Step 1:** Select the login procedure

Open the link to the online portal [https://www.becc.admin.ch/becc/app/fada](https://www.becc.admin.ch/becc/app/fada) and choose the “CH-LOGIN & AGOV” option.

**Step 2:** Create an account

Click on “Create account”.

**Important:** Registration is only necessary if you do not already have a CH-LOGIN account. The CH-LOGIN is not linked to any particular application and can therefore be used for various applications of the Federal Administration.

**Step 3:** Register

Please fill in all fields and accept the terms of use. Then click on "Continue".

A confirmation code (6 digits) will be sent to the e-mail address provided.

**Important:** The eIAM user account is personal. For representatives: You must provide your personal data as well as your personal e-mail address. Do not use collective mailboxes, e.g. info@.
Step 4: Enter confirmation code

Enter the confirmation code received by e-mail and click on “Continue”.

Step 5: Completion of registration

The registration was successful. Click on “Continue” to register the two-factor authentication.

Completion of registration

Welcome
You have successfully registered.

Because the application you want to access requires it for security reasons, you must register a two-factor authentication. The “Add 2nd factor” button takes you to the wizard, which guides you through the registration process. Please note that you must first enter additional security questions for recovery purposes.

With MyAccount, you can later register additional authentication methods and/or change your two-factor authentication settings at any time.

Step 6: Security questions

These questions are necessary for a possible restoration of your eIAM user profile. Concretely, they offer the possibility to change your access data at any time.

Define the security questions and provide the answers. Finally click on “Continue”.

Step 7: Second Factor Selection

Select one of the following options and click on “Continue”:
- Authenticator App
- Mobile number (mTAN) → Swiss Mobile numbers (+41) only

Second Factor Selection
Please select the second factor option you would like to register.

- Authenticator App
  Authenticate with generated one-time codes.

- Mobile number (mTAN)
  Authenticate with codes sent to your mobile number.
  Swiss Mobile numbers (+41) only

- Passkey (FIDO)
  Authenticate with a Passkey. You can add 4 additional Passkey(s).
Step 8: Authenticator app or mobile number (mTAN)

If you have selected the "Authenticator App" option, you must now download an authenticator app on your phone and scan the QR code.

Possible authenticator apps (recommended by FOITT):
- Microsoft Authenticator
- Google Authenticator Android / Google Authenticator iPhone

Authenticator App
1. Download an Authenticator App to your phone if you don’t yet have one installed
2. Open the Authenticator app on your device and add an account
3. Scan the QR code or enter the key below manually
4. Press "Continue" when the app has created the account

Step 9: Request access

Your CH-Login account has been successfully created. With this step you are now applying for access to the online portal.

The field "The number of your identity card or passport" does not need to be filled in.

Read and accept the terms of use and click on “Continue”.
Step 10: Completion of the access request

The access request has been successfully registered and you have been granted access to the online portal.

Click on “Back to the application” and log in again.

Completion of the access request

You now have access to the desired application. The new access authorizations are only active when you log on to the application again. With “Back to application” you restart the login process.

Important:
The registration of your CH-LOGIN account and also the access to the online portal are now completed.

Are you having problems registering or logging in to eIAM? Then contact the Federal Office of Information Technology, Systems and Telecommunication (FOITT): +41 58 465 88 88

Version June 2024 / FaDa
Recognition of foreign vocational and professional qualifications or recognition recommendation for foreign higher education qualifications

The Vocational Training Competence Centre is responsible for recognition of foreign vocational and professional qualifications as well as for issuance of recommendations on the recognition of foreign higher education qualifications for professions that are regulated in Switzerland.

The State Secretariat for Education, Research and Innovation (SERI) is the national contact point for the recognition of foreign vocational and professional qualifications as well as the first point of contact for general questions relating to this topic.

The Swiss Conference of Rectors of Higher Education Institutions (swissuniversities) is responsible for issuing recommendations on recognition of foreign higher education qualifications for professions that are not regulated in Switzerland and can provide more information.

For more details concerning admission to tertiary level education and training in Switzerland, you should directly contact the institution (in the case of a higher education institution or professional education institution) or the corresponding examination board (in the case of a federal professional examination).

The General Secretariat of the Swiss Conference of Cantonal Ministers of Education (EDK) is responsible for recognising teaching qualifications (kindergarten, primary school, secondary school, baccalaureate schools) and qualifications in special education, speech therapy and psychomotor therapy obtained abroad, in order to establish, if applicable, their equivalence to corresponding Swiss qualifications.

The information on this website is provided in official languages of Switzerland (German, French and Italian) as well as in English. Please note that foreign qualifications must be translated in one of these four languages in order to initiate the recognition process.

Additional information about each procedure can be found on the following websites:

- Recognition of vocational and professional qualifications
- Recognition recommendation for higher education qualifications
- Recognition of teaching qualifications and qualifications in special education, speech therapy and psychomotor therapy
