

1. Exchange and mobility programme actors

2. Objectives of E&M strategy

Vision

'All young people will take part in exchange and mobility activities at least once during their training or transition to working life. In this way, they will improve their language skills, their social and professional skills and thus their prospects on the labour market. They will also become more aware of linguistic and cultural diversity in Switzerland and in other countries.'

Objective 1

Expand E&M programmes and improve quality further

Objective 2

Anchor E&M more firmly in training and working life as well as in cultural and leisure activities

Objective 3

Develop E&M programmes and facilitate access

Objective 4

Establish partnerships, work with third parties

3. Measures taken under the E&M strategy

Actors

- a) Adaptation and further development of the legal basis
- b) Inclusion of E&M in education policy objectives
- c) Integration into pedagogical principles
- d) Creation of suitable forms of recognition and valorisation

Programmes

- e) Securing of access and balanced funding
- f) Further development and renewal
- g) Development of suitable support programmes at national level

Cooperation

- h) Intensified communication and more targeted information
- i) Activities of the joint Movetia agency
- j) Creation and deepening of strategic partnerships
- k) Ensuring streamlined processes
- l) impact assessment
